

# THE

# MUSTER

*In the interest of promoting class unity, pride, and spirit, the 1968 Ring and Crest Committee has developed this class history.*

## THE MUSTER

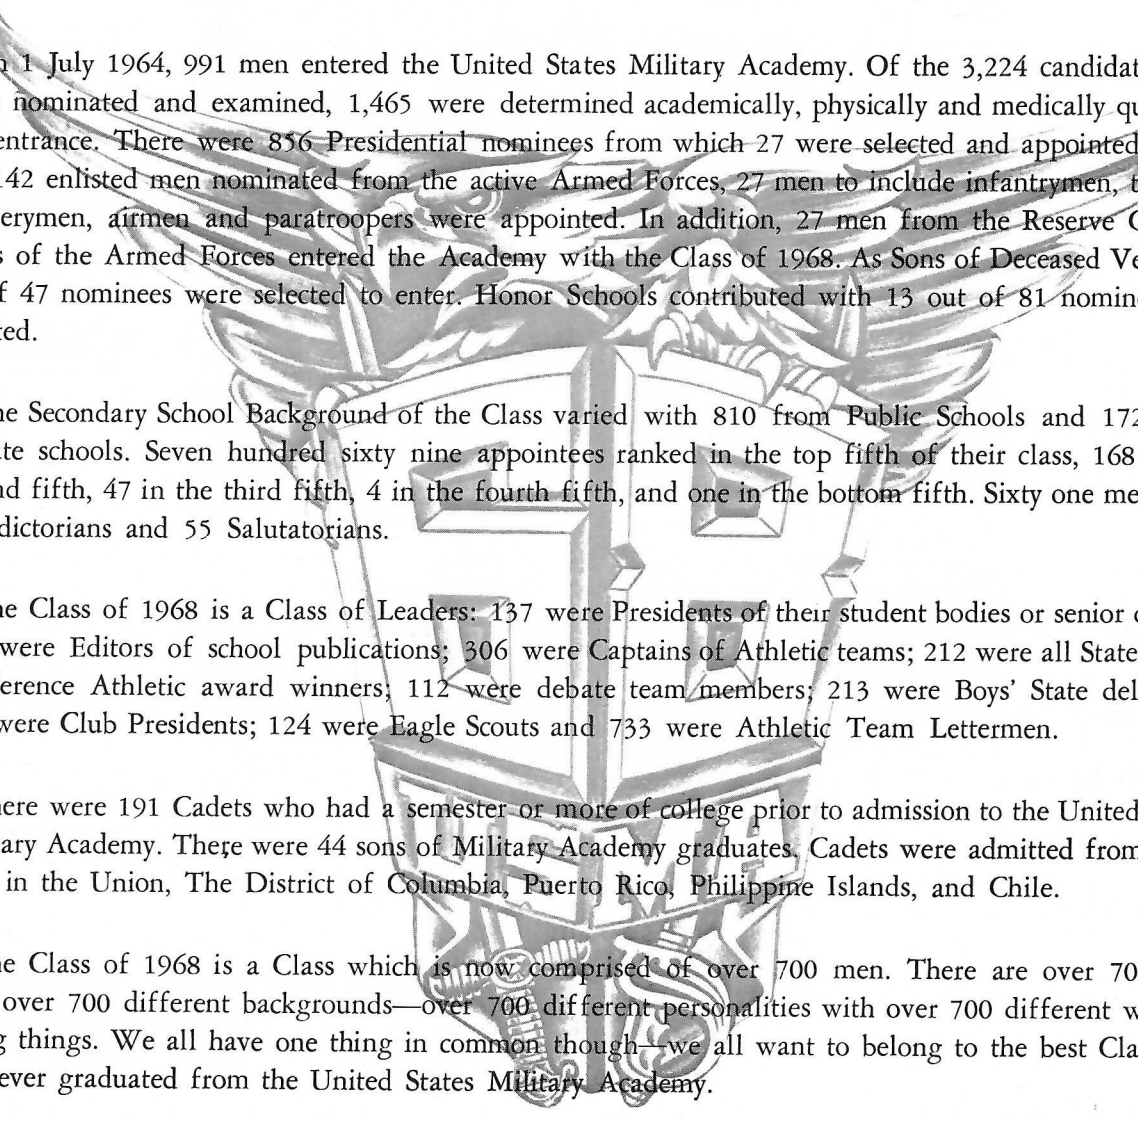

On 1 July 1964, 991 men entered the United States Military Academy. Of the 3,224 candidates that were nominated and examined, 1,465 were determined academically, physically and medically qualified for entrance. There were 856 Presidential nominees from which 27 were selected and appointed. From the 142 enlisted men nominated from the active Armed Forces, 27 men to include infantrymen, tankers, artillerymen, airmen and paratroopers were appointed. In addition, 27 men from the Reserve Components of the Armed Forces entered the Academy with the Class of 1968. As Sons of Deceased Veterans, 17 of 47 nominees were selected to enter. Honor Schools contributed with 13 out of 81 nominees appointed.

The Secondary School Background of the Class varied with 810 from Public Schools and 172 from private schools. Seven hundred sixty nine appointees ranked in the top fifth of their class, 168 in the second fifth, 47 in the third fifth, 4 in the fourth fifth, and one in the bottom fifth. Sixty one men were Valedictorians and 55 Salutatorians.

The Class of 1968 is a Class of Leaders: 137 were Presidents of their student bodies or senior classes; 104 were Editors of school publications; 306 were Captains of Athletic teams; 212 were all State or All Conference Athletic award winners; 112 were debate team members; 213 were Boys' State delegates; 327 were Club Presidents; 124 were Eagle Scouts and 733 were Athletic Team Lettermen.

There were 191 Cadets who had a semester or more of college prior to admission to the United States Military Academy. There were 44 sons of Military Academy graduates. Cadets were admitted from every state in the Union, The District of Columbia, Puerto Rico, Philippine Islands, and Chile.

The Class of 1968 is a Class which is now comprised of over 700 men. There are over 700 men with over 700 different backgrounds—over 700 different personalities with over 700 different ways of doing things. We all have one thing in common though—we all want to belong to the best Class that was ever graduated from the United States Military Academy.

*William F. Ericson II*

William F. Ericson, II  
Editor

United States Military Academy  
West Point, New York

Colonel Schroeder can best be described as a decisive military leader and strategic planner. His military career has been varied and interesting, but demanding.

Following his graduation from the Academy in June 1943, he was commissioned in the Artillery and saw combat in France and Germany as a Battery Commander, 867th Field Artillery, 65th Inf Div. Following World War II he served two years in the Public Information Office, Headquarters US Forces European Theater.

Following two years as an instructor and student at the Artillery School at Fort Sill, he returned to Germany in 1951 to serve as S3, 44th FA Bn, 4th Infantry Division and for a year and a half as NATO Atomic Advisor to the Commanding General of the 1st Belgium Corps, Cologne, Germany.

Upon graduation from the Command and General Staff College in 1955 he served for three years as a strategic plans and General Staff officer, Army Plans Division, ODCSOPS, DA, in the Pentagon.

Following attendance at the Armed Forces Staff College in 1959, for 14 months, he was Deputy Planning Officer for US MAAG, Viet Nam. Upon returning to the US from Saigon he was assigned for two years to Fort Carson, Colorado where his jobs included: G3, 2d US Army Missile Command (MED); CO, 2d Missile Bn (HJ) 79th Arty and Chief Faculty Group, Army Training Center.

Upon completion of the US Army War College in 1963, he returned to the Pentagon where for two years he monitored Army Force Development staff actions as Assistant Secretary of the General Staff, Office of the Army Chief of Staff. On 1 July 1965, Colonel Schroeder assumed duties as Commanding Officer, 4th Regiment, US Corps of Cadets.

Colonel Schroeder holds two advanced degrees: Master of Science Electrical Engineering, Georgia Institute of Technology, 1949; Master of Arts International Affairs, George Washington University, 1964. His decorations include the Legion of Merit and the Army Commendation Medal with two Oak Leaf Clusters.

To the Class of 1968:

During the past two years you have accepted and fulfilled the duties and responsibilities of Fourth and Third Classmen. You have met the test of New Cadet Barracks and of training at Camp Buckner and as a class of the Corps of Cadets. You have demonstrated a sincere devotion to the ideals of West Point and to the pursuit of the qualifications necessary to accede to positions of leadership in the Corps.

Your opportunities and responsibilities will increase rapidly during your next two years of cadetship. I urge you to accept these as challenges—as duties to be performed to the maximum of your capability. Live up to your class motto "No Task Too Great for '68", and keep foremost in your minds the precepts under which you serve, "Duty, Honor, Country".

For the cadet classes to follow, ensure by your example, deeds and thought that the image of the "long grey line" shall never diminish and that our graduates shall continue to lead our society in the realization of the ideals and the security of the United States of America.

Very best wishes and God speed!

*Henry J. Schroeder, Jr.*
